“ I am saddened by Kari's passing. Kari is a friend of mine I always enjoyed seeing. Whenever we saw each other, our greeting was smiles and hugs. I am hurt a good person and friend passed on too soon. I wish I could have saved her. When you are looking down on me from up above Kari, know you made an impact on my life and I will never forget you.

“ I met Kari in Ashburn back in 2003. She was such a wonderful friend. We had children of the same age, but she was a mom I hung out with regardless of kid friendships. We always had so much fun and she was such a firecracker. She showed me the ropes in my new town and showed me that being a mom could be fun and exciting. We lost touch after we both moved out of town. I am so sorry for your loss she was a one of a kind woman. She will be missed from NC.

“ I remember kari throwing the most amazing birthday parties for Emily and Nate. No expenses spared. My daughter who was in the same class as Emily , was lucky enough to attend the biggest party in the school. I know at some point my friend kari lost her way. She somehow was not the same without her kids which I believe were her heart and soul. I pray she is in peace and I will pray for the family often. My heart is broken that I could have should have done more to stay in touch during her last days. She was a good person. She and I have lots of memories. One more I recall is when I was dead broke and foreclosed on my house . She offered me a little money and I did not accept it. I just knew that was from her heart and I was appreciative of her kindness and friendship.... god bless her and god bless her family.

“ I met Kari earlier this year. Although our introduction was formal and purely work related, it didn't take long for us to form a friendship outside of work. We enjoyed the same types of music and could always count on each other to provide a laugh about the weirdness that comes about while working in the IT department. Kari was one of the first people to reach

out directly when I lost someone close to me. At the time I hadn't known her very long, but she gave off an energy that was positive and genuine. She had an impact on my life during our short acquaintance, and I will always look back and remember how she made me feel when we were in touch. Still can't believe she is gone.
